

Gemstone Recommendation According To Your Horoscope

A suitable gemstone also known as your birthstone will not only have the power to fulfill your desires but will also support your destiny. The gemstone is considered to be one of the best astrological remedies that will help you overcome your sorrows. The healing powers of gems are well-known in astrology. We will analyze your horoscope and suggest gemstones as per the position of your birth sign, ascendant, and its associated planets (Sun, Moon, Mars, Mercury, Jupiter, Venus, Saturn, Rahu, and Ketu).

Suitable Gemstone According to Astrology

According to [Gemstone Recommendation](#), the use of gemstones as a remedy in astrology has been going on for centuries. It is only advised that the gemstone which is useful for getting a job/position may not increase the power of togetherness in a relationship. Therefore, indiscriminate use of gemstone can sometimes bring misfortune to a person. The astrologer carefully reviews the role of all nine planets and their degrees (Rashi, Ansh, Kala, Ikala) in your Lagna and other chakras of your horoscope.

There may also be instances when none of the nine gems are recommended for an individual; In such cases, we recommend the use of specific mantras or other remedial measures and not any gemstone. When you avail of the services of

Astrology he will advise you about the suitable gemstone as well as guide you in the following areas of concern:

- A gemstone may be good for one person but dangerous for another.
- Is wearing a gemstone really necessary for you or can it be possible only by following the given astrological remedies?
- We will guide you on whether wearing a gemstone will serve the purpose of wearing it.
- Should you continue to wear the gemstone you already wear or do you need to remove it?
- What should be the weight of the gemstone and on which finger it should be worn?
- Which metal should wear gemstone to bring good luck and fortune?
- What mantras are chanted before wearing a gemstone to purify it, make it lucky for you, and remove any negative energy from it?
- If a gemstone is not recommended is it appropriate to use another gemstone?

Which gemstone or birthstone should be worn on which finger and on which day?

- **Yellow Sapphire (Pukhraj)** – Should be worn on the index finger on Thursday for planet Jupiter.
- **Blue Sapphire (Neelam)** – Should be worn on the middle finger on Saturday for planet Saturn.
- **Hessonite (Gomedh)** – should be worn on the middle finger on Saturday for planet Rahu.
- **Cat's Eye (Lehsunia)** – For planet Ketu, the middle finger should be worn on Saturday.
